### PETITION FOR REVIEW

Pursuant to Rule 15 of the Federal Rules of Appellate Procedure and section 307(b) of the Clean Air Act, 42 U.S.C. § 7607(b), the GPA Midstream Association petitions the Court for review of a final action of respondents—the U.S. Environmental Protection Agency and Gina McCarthy, Administrator, U.S. Environmental Protection Agency—entitled “Oil and Natural Gas Sector: Emission Standards for New, Reconstructed, and Modified Sources,” 81 Fed. Reg. 35,824 (June 3, 2016).

Respectfully submitted,

Roger R. Martella, Jr.

Case No. 16-1267

### RULE 26.1 STATEMENT

Pursuant to Federal Rule of Appellate Procedure 26.1 and D.C. Circuit Rule 26.1, the GPA Midstream Association (“GPA Midstream”) states that GPA Midstream has served the U.S. energy industry since 1921 as an incorporated non-profit trade association. GPA Midstream is composed of close to 100 corporate members of all sizes that are engaged in the gathering and processing of natural gas into merchantable pipeline gas, commonly referred to in the industry as “midstream activities.” Such processing includes the removal of impurities from the raw gas stream produced at the wellhead, as well as the extraction for sale of natural gas liquid products (“NGLs”) such as ethane, propane, butane and natural gasoline. GPA Midstream members account for more than 90 percent of the NGLs produced in the United States from natural gas processing. GPA Midstream’s members also operate hundreds of thousands of miles of domestic gas gathering

lines and are involved with storing, transporting, and marketing natural gas and NGLs. GPA Midstream has no parent companies, and no publicly-held company has a 10% or greater ownership interest in GPA Midstream.

Respectfully submitted,

Roger R. Martella, Jr.
