Attorneys for Plaintiffs

UNITED STATES DISTRICT COURT
DISTRICT OF OREGON

**KELSEY CASCADIA ROSE JULIANA;
XIUHTEZCATL TONATIUH M.**, through
his Guardian Tamara Roske-Martinez; et al.,

Plaintiffs,

v.

**The UNITED STATES OF AMERICA;
DONALD TRUMP**, in his official capacity
as President of the United States; et al.,

Defendants.

Case No.: 6:15-cv-01517-AA

**DECLARATION OF ANDREA K. RODGERS
in Support of Plaintiffs' Supplemental
Objections to Defendants' Exhibits**

**DECLARATION OF ANDREA K. RODGERS IN SUPPORT OF PLAINTIFFS'
SUPPLEMENTAL OBJECTIONS TO DEFENDANTS' EXHIBITS**

I, Andrea K. Rodgers, hereby declare and if called upon would testify as follows:

1. I am an attorney of record in the above-entitled action. I make this Declaration in support of Plaintiffs' Supplemental Objections to Defendants' Exhibit 651 (FRE 1006 Summary Chart) and Exhibits 1171-1248, 1250-1273, 1275, 1277, 1279-1285, and 1287-1616 (Congressional Hearing Reports). I have personal knowledge of the facts stated herein, except as to those stated upon information and belief, and if called to testify, I would and could testify competently thereto.
2. On October 12, 2018, counsel for Defendants sent an email seeking to meet and confer on their intent to file a motion seeking judicial notice of approximately 450 Congressional hearing reports the following Monday, October 15, 2018. A true and correct copy of this email is attached hereto as **Exhibit A**. Along with this email, Defendants provided Plaintiffs with an excel spreadsheet that contained, for the first time, a summary of the Congressional hearing reports, which totaled over 80,000 pages of information. Defendants did not produce copies of or links to the Congressional hearing reports at this time. Defendants also did not identify the individual who prepared the summaries of the 450 documents or the evidentiary purpose for which the summary and documents would be used at trial.
3. Prior to October 12, 2018, Plaintiffs had received no notice that Defendants intended to seek judicial notice of approximately 450 Congressional hearing reports nor had Defendants indicated they intended to use Congressional hearing reports as exhibits as trial. This is in spite of the fact that the parties had met and conferred on other issues.
4. None of the Congressional hearing reports were identified or produced by Defendants in response to Plaintiffs' contention interrogatories, which asked Defendants to identify and

produce any and all documents Defendants intended to use at trial to support the defenses they asserted in their Answer. See Plaintiffs' Motion to Compel Responses to Interrogatories. Doc. 388. Also on October 12, Defendants served Plaintiffs with a copy of their exhibit list which did not include the FRE 1006 Summary Chart of Congressional Hearing Reports for which Defendants intended to seek judicial notice.

5. On October 15, 2018, Defendants filed their Motion *in Limine* seeking judicial notice of the 450 Congressional hearing reports. ECF 375.
6. It was not until the afternoon of October 16, 2018, three days before Plaintiffs' objections to Defendants' Exhibits were due, that Plaintiffs received a USB stick containing all of the Congressional hearing reports for which Defendants had sought judicial notice. It was at this time that Plaintiffs were first able to begin their review of the over 80,000 pages of documents to ascertain whether Defendants accurately summarized the Congressional hearing reports in their FRE 1006 Summary.
7. On October 17, 2018, two days before Plaintiffs' objections to Defendants' Exhibits were due, Defendants served Plaintiffs with a revised copy of their exhibit list, which for the first time included the FRE 1006 Summary Chart of Congressional Hearing Reports for which Defendants intended to seek judicial notice. This document was identified as Exhibit 651 on their exhibit list. Attached hereto as **Exhibit B** to this declaration is a true and correct copy of the email and exhibit list.
8. On October 19, 2018, Defendants filed their Exhibit List with the Court, which also included the FRE 1006 Summary Chart of Congressional Hearing Reports as Exhibit 651 on their Exhibit List. Doc. 396-1.

In accordance with 28 U.S.C. § 1746, I declare under penalty of perjury that the foregoing is true and correct.

DATED this 7th day of November, 2018.

Respectfully submitted,

s/ Andrea K. Rodgers

Julia, Andrea, Phil,

We are planning to file a motion seeking judicial notice of 450 Congressional hearing reports on Monday. The motion will seek notice of the existence and authenticity of the reports only, not the truth of any of the statements asserted in the reports. The reports are all official publications of the US Congress. To allow you to better assess the motion and determine your position, I am attaching a spreadsheet of the 450 hearing reports. Please note that the spreadsheet is a draft—although we do not intend to add any additional hearing reports, we are currently proofing the spreadsheet to ensure everything is accurate.

In addition, we plan to file a motion to seek leave to file the 450 reports manually on a flash drive. We would also send a flash drive containing the reports to you via overnight mail. We have had issues in the past uploading numerous large files to CM/ECF and, as you know, have been unable to access the judicial notice documents that you have filed on CM/ECF. Since the reports total about 80,000 pages, we see manual filing as a way to avoid problems on CM/ECF and provide everyone with immediate access to the hearing reports.

Please let me know Plaintiffs' position on each of these motions. I am happy to answer any questions about either motion.

Thank you,

Clare

Clare,

We just spoke by phone. I told you that we expected all of the documents on your exhibit list, except for Plaintiffs' records or the deposition exhibits, to be delivered via a thumb drive by early morning overnight delivery for Thursday, October 18 at the latest. Alternatively, you could provide us a dropbox or other cloud link to the documents. Nearly all of the documents on your exhibit list are Bates stamped, which means you are in possession of them and have processed them, since at least last Friday when you served the list.

In response to my question, you said you had no authority to agree to provide us with the documents and that you would confer with Erika and Sean to see if it could be done. It is highly prejudicial to Plaintiffs for you not to provide these documents until now and will prejudice us further to not receive them by today or tomorrow morning so that we have an opportunity to at least see the document before filing our objections on Friday.

As you know, we have tried to begin finding the documents and many we cannot locate. For others, we are unsure if we have the correct document. It is frankly unprofessional and unbelievable that you would withhold these documents from us when you have them and they are Bates stamped. You requested of us the professional courtesy of hyperlinks and Bates stamped documents sent to you via thumb drive, which we have done. We have also repeatedly accommodated your requests to send you documents you had trouble downloading from ECF.

Further, I want to note that in our meet and confer about exhibits, before our last status conference with Judge Coffin, Marissa and Sean said that you would not have many exhibits. They said it would largely be the exhibits from the depositions and perhaps a few others. Sean indicated that typically he would only have about 70 exhibits at trial and criticized Plaintiffs for the number of exhibits we intended to use. You have now presented us with a list of 1581 exhibits, most of which are new documents we had not previously seen from you during depositions.

It is my expectation that Sean and Erika will confirm today that we will have the documents by downloadable link today or by thumb drive for early morning delivery tomorrow. Please confirm.

Regards,

Julia

Hi Julia,

I can confirm that all of the agency documents on our exhibit list (i.e., those documents for which the witness type is denoted Defs. Fact [Agency]) have been placed on a thumb drive and have been overnighted to you (FedEx Shipment 773504034046) along with a copy of the current version of the exhibit list with exhibit numbers (this will make finding the documents on the thumb drive easier). We have not included documents that you already have access to or which have already been produced to you. These include the 446 Congressional hearing reports that were sent to you earlier this week on a thumb drive, as well as deposition transcripts and exhibits and Plaintiffs' medical records. We have prepared a Rule 1006 summary of the congressional documents, which is attached and is included on the current exhibit list. As was no doubt intended by the Court when she set the deadlines for the exchange of exhibit lists and the filing of exhibit lists a week apart, we have taken this opportunity to make further refinements to our exhibit list. You now have the most current version ahead of Friday, and as of tomorrow you will have copies of all of the documents on that list. The work I described to counsel in my email on Monday 10/15 to process and bates stamp all of Defendants' exhibits is ongoing and is still expected to be completed on Friday. I mention this because the documents you receive tomorrow will have the DX number, but they may not have the bates number.

Thank you,

Erika

Erika,

We received the thumb drive this afternoon. I had requested that you send them for early morning delivery and you did not.

Here is the fed ex information showing regular overnight delivery scheduled for 3 p.m. leaving us very little time to review the documents and prepare our objections, which are due tomorrow.

Julia
