Federal Defendants hereby give notice that they have complied with the Court’s April 19, 2019 order, ECF No. 141, directing Federal Defendants to analyze – in accord with the National Environmental Policy Act (“NEPA”) – the impacts of a March 29, 2017 Secretarial Order, No. 3348 (the “Zinke Order”). In particular, on February 26, 2020, Federal Defendants posted on the Bureau of Land Management website a finding of no significant impact (“FONSI”) and final environmental assessment (“EA”) which examines, in accord with NEPA, the impacts of the Zinke Order. The FONSI and EA are available for viewing or downloading at the following address:
